

# Summer 2021

Enjoy freedom

Enjoy fun

Enjoy the summer 21!

Hello, I'm Petra Bruna, an outdoor educator with many years of experience and therefore the perfect contact person for your summer!

I find it enriching to offer kids space in nature that encourages fantasies in which ideas take shape and children can simply be children - which is much appreciated by kids, too.

This is why I created a varied, refreshing and exciting summer program for your holidays.

There is no must but a rather colorful, stimulating offering, no strictly preconceived goals but a playful way to unfold your creativity, a wide range of options for your spirit of discovery and sufficient scope for your wishes and ideas.

Nature becomes a companion, a teacher and playground. The variety appeals to all your senses and the shared experiences make you want more.

Therefore, come with us on a journey of discovery and experience Vienna's most natural side!

I've put together a varied program, full of fun and adventure.

In a small group we travel together to Lobau and scout the area around the Panozzalacke.

We explore the forest and its creatures, dive into the refreshing water and build a raft and other objects from natural materials.

An exciting scavenger hunt that calls for team spirit, daring and cleverness is the highlight of the week.

Our adventure week ends with a Hugalele water bomb battle and your parents are invited to join us and / or cheer you on. And maybe it's you who stay dry and take the winning title home.

I'm looking forward to a great time with you and other adventurous people, see you soon,

Petra!
